

Drawing is a Class Act, Years 3–4

A skills-based approach to drawing

Acknowledgements

Forward

A skills-based approach to drawing

How the skills-based approach works

What the book covers

About drawing

About looking

Moving on from Key Stage 1

Range of media

Sketchbooks

Erasers and rulers

Line

Rationale

Drawing light lines

About this chapter

Making different types of line in pencil

Different lines in pencil

Expectations after covering key skill

Looking at line in works of art 1

Looking at line in works of art 2

Pens

Making different lines with fine, medium and broad line pens

Drawing with fine, medium and broad line pens

Fine line pens

Medium line pens

Broad line pens

Playing around with line

Cross-hatching 1

Cross-hatching 2

Making different lines in charcoal

Drawing with charcoal

Scraper technique

Tone

Rationale

About this chapter

Making different tones in pencil

Using different tones in pencil

Using tone to shade three-dimensional shapes

Making different tones with charcoal

Creating tone with charcoal

Texture

Definition

Rationale

About this chapter

Drawing different textures

Drawing textures

Pattern

Rationale

What is pattern?

About this chapter

Making patterns with line and shape 1

Making patterns with line and shape 2

Using line patterns in a doodle

Collecting patterns from nature

Collecting patterns from different cultures

Looking

Why looking skills are so important

Rationale

Moving on from Key Stage 1

About this chapter

List of possible subjects for drawing or discussion

How drawing is affected by the two halves of the brain

Focusing looking through talking

Talking about the subject before drawing

Using focusing devices

Drawing with magnifying glasses

Looking for shapes 1

Looking for shapes 2

Recognizing and drawing right angles and parallel lines

Drawing geometric shapes

Seeing negative shapes

Seeing and drawing negative shapes

Sighting

Drawing using sighting

Learning to see relationships between line and shape

Seeing relationships between line and shape when drawing

Looking and drawing from different viewpoints

Looking strategies you could use when drawing

Self-assessment of looking strategies

Figures and faces

Rationale

Common pitfalls

Shapes and proportions
About this chapter
Drawing the whole body
Drawing different poses
Contour figure drawing
Gesture figure drawing
Figure drawing from memory
Drawing heads and position of features
Drawing eyes, mouths and noses
Drawing faces
Full portrait

Chalk and charcoal

Rationale
Media knowledge
Tips and techniques
About this chapter
Making different marks with chalk and charcoal
Drawing with chalk and charcoal

Evaluation and assessment

Assessment
Using success criteria to evaluate children's work
Self-evaluation
Peer evaluation
Reporting and tracking progress
Recording coverage of work
Reports
