

VALUE

Shading Shapes

Large-group Experience

Materials

(for each pupil)

- lining paper
- pencils

Shading Shapes

Pupils discover that shading adds dimension to shapes.

Step by Step

Direct pupils to complete the two drawings below:

Drawing 1

1. Draw a ball.
2. Pretend the sun is in the top left corner of the page.
3. Shade the right side of the ball.
4. Lay in a shadow on the ground.

Drawing 2

1. Draw a box.
2. Pretend the sun is in the top right corner of the page.
3. Shade the left side of the box.
4. Lay in a shadow on the ground.
5. Make the box into a house.
6. Add shading to the dark side of the house.
7. Draw a ball or a tree in the yard. Which way will the shadow go?
